Multiplication as "Equal Groups of"Exit Quiz
Math 3

## Write $9 \times 7$ into an equal groups statement.

1. $\qquad$
In $8 \times 5$, how many groups are there and how many items are there in each group?
2. Groups: $\qquad$ Items in each group: $\qquad$
$7 \times 8$
Shade the dots in each group to correctly represent the expression above.
